# Let **AUTO+**

# save you time

## Bulk shredding made easy

Auto+ is a new ultra-efficient, auto-feed bulk shredder from Rexel. It can automatically shred up to 500 A4 sheets in one load and, unlike other shredders, there is no need to remove staples and paperclips beforehand, saving precious time. Simply load the paper, close and lock the lid by entering a unique password. The Auto+ will get on with the shredding leaving you to get on with something else.

### Who needs the Rexel Auto+?

The Auto+ is designed for use in a busy facilities department and/or post room in a large business, where there is a requirement for bulk shredding. Whether it is bulk shredding out-of-date files which need to be safely disposed of or regularly meeting the whole company's shredding requirements, the Auto+ is up to the job.

- Automatic shredding for minimal human intervention
- Innovative roller based autofeed technology that accepts paper fastened together with staples or paper clips, which saves the time-wasting hassle of having to remove the staples first
- Confetti cut (2 x 20mm) DIN 3 for high security
- 500 sheets capacity for bulk shredding
- 83 litre bin can hold up to 1000 sheets
- On the odd occasion you only need to shred a few sheets, up to 6 sheets can be fed through the centre of the shredder head
- Ultra quiet operation – Noise level is less than 60DBA
- Auto reverse functionality to clear paper jams (when bulk shredding)
- Easy to understand state of the art LCD Display (User instructions include: ready, door open, bin full, reverse, overheat, overload/jam, oil now)
- Casters fitted for ease of manoeuvring
- Security password locks sensitive information in the shredder while shredding is taking place so you can go elsewhere with total peace of mind
- Meets new international finger safety standards (UL 60950)
- Separate key provided to unlock the shredder if the security password has been forgotten
- Continuous Operation – shred in bulk without worrying about allowing the shredder to cool down!
- Can shred up to 20,000 sheets per day

**Wasting time stood at the shredder?  
Tired of pulling out staples before shredding?**
